Watershed Inspector 2026 Request for Bids

The Plymouth County Soil & Water Conservation District is looking to hire someone on a year-to-year contractual basis to do inspections of the watershed structures in Plymouth County.

The individual will need to complete the following tasks, take detailed notes and photographs of problem areas, cut trees and bushes, spray weeds, check for plugged tubes and trash in the structures, check for washouts, erosion, and muskrat holes for approximately 80 structures. This individual will need to provide a written report on all locations inspected prior to the end of the year.

Inspections are done once a year and take on average between 40 to 50 hours to complete.

Please provide your complete bid by April 1, 2026, to the Conservation Assistant located at:
1100 12th St SW ste. A
Le Mars, IA 51031

Review of applications will begin immediately upon receipt and continue until the position is filled.

For more information inquire at the NRCS office located at 1100 12th St SW, Le Mars, IA 51031 or call (712) 546-8858 ext. 3.
